

I Am From...

By Topher

I am from, a friend named Colin. The two of us play Pokemon and basketball. Colin and I play kickball. Both of us play together.

I am from, a teacher that helps us with our work whenever we need help. A teacher that reads stories to us after lunch. A teacher that makes us learn more and more stuff.

I am from, a boy that does four activities: lacrosse-a sport, violin-an instrument, ballet and worship a dance. A boy that dances beautifully. A boy that plays well at lacrosse. A boy that plays gracefully at violin.

I am from, five siblings that like Pokemon, Legos, Blippi, and Mario. I'm from making a Lego Invention Convention Concert that my five siblings joined in.

I am from, having a puppy that likes food when anybody has food, one that chews binkies, one that bites bare feet and socks on toes.

I am Topher
